AKG flourishes with member participation and involvement. Do you have a special skill or talent that might help the guild? We often need individuals to do some one-time or short-term task that is not a board or committee position. Examples of skills we could use include organization skills, typing, pro-bono lawyer skills, web development, cooking, etc. Even time spent stuffing envelopes or knitting for a charity is needed and appreciated.

Indicate the approximate amount of time you could be available:

_____ hours per month _____ hours per year _____ occasionally throughout the year

Please list any special skills here: _____
